LIGHILL'S BOOK ON DEAFNESS.

Third Edition Just Ready.

A POPULAR TREATISE

ON

DEAFNESS.

By Dr. E. LIGHILL of New-York.

One small 12mo, with Illustrations. Price 75 cents.

The very remarkable sale of this little volume is a sufficient guarantee of its popularity and value. Two editions have been sold within as many months, and a third is just ready.

The author's aim has been to produce a book for the medical profession, but for afflicted individuals and families, who, wishing information upon the subject, have hitherto been at a loss for any work treating in a comprehensive language upon Deafness and its attendant evils. This book fills such a vacuum. It is clear and comprehensive.

The New York Observer says: "There is a large amount of useful information here embodied for the million, to teach them how to guard against deafness, and how to treat it when coming on."

The Boston Commercial Bulletin in says: "An excellent and comprehensive little treatise, written in a clear and commanding style, easily understood."

The work should find its way into the hands of every individual suffering from deafness, or any accompanying affliction. Its value will be at once appreciated.

\* \* \* Sold by booksellers everywhere, and it will be sent by mail, on receipt of price, to any, by CARLETON, Publisher.
